New Mills Allotment & Gardening Society

There can be nothing better than tasting and enjoying fruit and vegetables you have grown yourself. The recent surge in interest in eating fresh produce has led to a clamour for allotment sites.

New Mills Allotment and Gardening Society was set up in 2000 to work with New Mills Town Council to identify suitable land for allotments. We opened the Ollersett Avenue site in 2005 and the site at Hague Bar in 2010.

Our waiting list grows steadily and we have more people on that list than we are able to accommodate. So we continue to search for suitable agricultural land within the parish boundary that could be available for a long term let or for sale. If you own any, or know of any land that could be available, then please get in touch.

Membership of the society is open to any local resident who is interested in gardening, even if they do not rent one of our allotments. Benefits of membership include

- the opportunity to network with other gardeners
- participation in the seed purchase scheme
- the promotion of gardening as a healthy living activity
